Description: Acquisition and development of a 30.0 usable acre community park. The facilities planned at this park include four multi-purpose ball fields with lighting, three soccer fields, four basketball courts, security lighting, and comfort station. Park development will be implemented in two phases. Phase 1 has been completed. This phase developed approximately 13 acres, and includes four multi-purpose sports fields, including one lighted field. Phase 2, which is currently scheduled for FY 2011, is expected to complete all the remaining park improvements planned at this park.

Justification: In accordance with the City of San Diego's Progress Guide and General Plan, this project will satisfy the population based park guidelines to serve a population of 18,000 to 25,000 persons within a radius of 1.5 miles. Black Mountain Ranch has made available a park site that exceeds the General Plan requirements which provides a greater opportunity to provide community park facilities for the development that is anticipated in the NCFUA.

Schedule: Design was completed in FY 2003. Phase 1 construction began in FY 2004 and will be completed in FY 2006. Phase 2 construction will begin in FY 2011. However, this schedule is dependent upon the actual rate of development within the NCFUA.

Note: Developer Advance is anticipated by Santaluz. Developer Advance (2) is anticipated by Western Pacific Housing, Pardee and BMR LLC. The land was provided in advance of development by Santaluz. Torrey Highlands will provide its prorata share of the cost of a 20 acre facility with the balance of funds coming from BMR.

Description: Design and construction of a 17,000 SF recreation building and detached comfort station to be located at the community park site in Black Mountain Ranch (see companion project P-1).

Justification: In accordance with the City of San Diego's Progress Guide and General Plan, this project will satisfy the population based park guidelines to serve a population of 18,000 to 25,000 persons within a radius of 1.5 miles.

Funding Issues: This project will provide for Black Mountain Ranch's (BMR) incremental share of the funding for this facility based on population, with the balance of funding coming from the Torrey Highlands (TH) community.

Schedule: The schedule for this facility is dependent upon the actual rate of development within both BMR and TH.

Description: Design and construction of a community swimming pool to be located at the community park site (see companion project P-1).

Justification: General Plan guidelines indicate that a community swimming pool should be provided when the service population reaches 50,000 people within a radius of approximately 1 to 2 miles. This project will provide for Black Mountain Ranch's (BMR) incremental share of the funding for this facility based on population, with the balance of funding coming from the Torrey Highlands (TH) FBA and other development in the NCFUA.

Funding: Funding contributions for BMR (39.0%), Pacific Highlands Ranch (37.4%), TH (18.7%) and Del Mar Mesa (4.9%) are based upon population.

Schedule: The schedule for this facility is dependent upon the actual rate of development within both BMR and other development in the NCFUA.
